### ADMINISTRATOR'S REPORT September 2005

#### **Subarea Health Planning Councils (SACs) Activities**

- Hawaii** Shauna Tuohy of the American Heart Association, East Hawaii Chapter, shared information on a Strike Out Stroke workshop scheduled for October 10, 2005 at HPA. This will be a train the trainer program and will train nurses, EMS and other health personnel on stroke screening. The SAC will continue to gather information on stroke and hypertension care on the Big Island. A successful bioterror response exercise was conducted on August 3, 2005 at North Hawaii Community Hospital. They used a mobile hospital unit with 25 beds in coordination with the hospital.
- Honolulu** No August meeting.
- Kauai** No August meeting.
- Tri-Isle** Dr. Tom Vandetti described the services provided by the Adult Mental Health Division (AMHD). AMHD is striving to build a comprehensive system which involves consumers at all levels of the system. They are building a network of care which includes a licensed crisis residential program, crisis mobile outreach, residential and independent housing. AMHD works with the forensic population, assisting people when they get out of jail. A jail diversion program is going to be implemented. The members discussed data WIC collects on entry to prenatal care. They are curious if WIC asks why people are not coming in earlier and how they find out about the program. They would also like information on rates of fetal alcohol syndrome and immunizations. They will continue to gather information in these areas.
- West Oahu SAC/Windward Oahu SAC** No August meeting.

#### **Research and Statistics:**

The Certificate of Need Application Summaries and Decisions Files, Monthly SHPDA Update Reports and SHPDA Calendar web pages were updated.

The March, April, May, June and July SHPDA website hits statistics are not

available yet.

The response rate for the 2004 SHPDA Utilization Survey was at 85% as of September 2, 2005. Follow-up notices were implemented.
